Starts At Bottom Of Ladder, Now President

By DREW PEARSON

WASHINGTON, April 10.—William White, president of the New York Central and spearhead of the battle of the railroad giants

for control of the No. 2 railroad of America, is a man who really fulfilled the American tradition of working up from the bottom of the ladder.

Son of a master mechanic who migrated to this country from Holland, Bill White became a railroad man at the age of 10. Under the same circumstances as another famous American, Chief Justice Earl Warren, also went to work for the railroads. Warren became a call-boy in a roundhouse because he had to support his family, and White got a \$20-a-month job on the Erie for the same reason.

White, one of the youngest railroad presidents, is now 55 and has (Continued on Page 2)

JUNIOR AWARD — First State Bank Manager Rudy Campbell, right, hands Don Welty a \$25 Savings Bond, donated by the bank to go to the Tempe youngster named "Outstanding Junior Citizen." Welty is chairman of the project for the Jaycee. . . . Looking on is Harold Chipman, assistant manager of the bank and also a member of the Jaycee Junior Citizen award committee.

Nomination Deadline Set For Junior Award

Somewhere in our community is an outstanding boy or girl who, because of his or her unselfish service toward others and all-around achievements, will be singled out by the Tempe Jaycees as the "Outstanding Junior Citizen" of Tempe.

Presentation of the junior citizen award will climax an annual program to find and give suitable recognition to all outstanding youths who have performed deeds and services about and beyond these ordinarily expected by society.

Don Welty, chairman of the project, said letters explaining the new programs are being sent to

schools, churches and youth organizations in quest of outstanding boys and girls. The program is open to all boys and girls from the ages of 10 to 17. A candidate must be nominated by his or her teacher, principal, minister, church leader, or youth organization leader. All nominations will be judged by a panel of professional youth authorities.

"Juvenile delinquency, although highly spotlighted, is by far outdone by juvenile accomplishment," Welty said. "This project is being conducted by Jaycee clubs throughout the nation as a move to encourage our youth to become more community service-minded. It soon will be up to these young people to take over the reins of public affairs and civic responsibility."

April 21st has been set as the nomination deadline. The local winner will be named on April 24th and will receive a \$25 Savings Bond donated by the First State Bank of Arizona. The local winner will be named by the state judges during the week after April 24th. The state winner will be declared as the MOST OUTSTANDING JUNIOR CITIZEN OF ARIZONA and will receive a four-year scholarship to Arizona State college of Tempe, Arizona State college of Flagstaff, or the University of Arizona at Tucson, whichever the winner so chooses.

Beach Opens To Record Crowd Of Swimmers Today

Mob Waiting For Gates To Open This Morning; Over 1,200 Expected, Twice As Many As Last Year

A mob stormed Tempe Beach today when the swimming pool opened its gates for the first time this year.

Beach Manager Vic Palmer estimated that at least a thousand swimmers had entered the beach area by 2 p.m. Saturday. He expected a total crowd of 1,200 by the 3:30 p.m. closing time.

Palmer said today's crowd was about twice as big as the opening day crowd last year. He added, "Business is just good."

It was expected that Palmer had to get a fourth life guard on duty for the afternoon and hire an extra person in the check room.

Unlike last year's swimmers, today's crowd buzzed instead of splashing and dashing. At 2 p.m. 300 to 400 persons were either in the pool or sun bathing, as just watching the activity.

No casualties were reported although the first one in this year.

ing had to be pulled out by a life guard. He was a four-year-old youngster who got away from his father when the gates were opened. He ran straight for the pool and hit the water. He was frightened but unhurt.

About half of the crowd at the gates impatient to hit the water, were already dressed in swimming togs. When the gates were opened, they surged water-ward.

The pool itself has been reconditioned. New features are a new three-meter diving board and additional American Playground Safety Ladders along the sides.

The beach hours will be from 10 a.m. until 6 p.m. until around the time school lets out, then it will stay open later in the evening.

The somewhat cloudy weather today had no dampening effect on the swimmers' desires to hit the water. The age of the crowd ranged an estimated less than 2-year-olds to adults with gray hair. Included were some 15 members of the ASC football squad.
